## RINGS & BRACELETS

### BRACELETS

Our bracelets are measured by the circumference of your wrist. You may measure your wrist size with measuring tape or with a piece of string. Wrap it around your wrist and measure the length.

SIZE	WRIST SIZE
Extra small	140 mm
Small	150 mm
Medium	160 mm
Large	170 mm

### RINGS

If you have a ring that already fits you, use the template here to find the ring's size by placing the ring inside the best matching circle. Once the ring is placed in the matching circle, you should only see the inner white circle space of your ring. If you are in between sizes, we recommend you select the bigger size of the two. Please note for all eternity bands the size cannot be modified.

\* Prices may vary upon size.
